We have been working on some irrigation issues and need to put in a water and sewer connection at the park for the snack shack. Need to meet with Lisa Barry from the County regarding the park and schedule a meeting with someone from the tribe around ownership and maintenance of the park.
- 4. Discuss Progress on Billing Format Changes and Alternative Payments:** District Manager Willie Rodriguez reported that Office Clerk II, Amanda Rogers, has been having discussions with someone from Data West around Online Payments, Credit and Debit Transactions and 8 ½ x 11 Billing. He summarized a draft of an 8 ½ x 11 billing put together by Data West, we are hoping to have our billing changed to this format by December 2018. We anticipate having the Online Bill Pay live and be able to take Credit and Debit Transactions in early 2019.
- 5. Discuss Progress on Design & Construction Standards for the District:** District Manager Willie Rodriguez reported that he has been having discussions with Laurie from PACE Engineering around putting together Design and Construction Standards for the District. We are waiting for a quote from PACE and plan on doing some of the work in house.

Some of the Policies contradict each other and so we are planning on mapping those out.
