

2025 Special District Leadership Academy Redding

Local boards are the reason, and really the only reason, why local control is local. Special district boards are the voices of the community. The truth is that every elected or appointed

public official needs to worry about governance because governance is what boards do. It's what they bring to the table. Governance is taking the wishes, needs, and desires of the community and transforming them into policies that govern the district. Survival of special districts depends in large part on how well-run the boards are.

CSDA's Special District Leadership Academy offers curriculum-based training built around the essential partnership between board members and general managers. Designed for both new and seasoned board members, our groundbreaking curriculum equips attendees with the knowledge and skills necessary to lead effectively and uphold vital governance responsibilities. This conference fosters collaborative leadership and sets a strong foundation for achieving shared goals within your special district.

Attendees will learn:

- How to work as a team
- The roles of the board and staff
- Attributes and characteristics of highly effective boards
- How culture, norms, values, and operating style influence the district
- Specific jobs the board must perform
- How individual values, skills, and knowledge help to shape
